

Jyllinge January 2026

Welcome to the antenna association 4040.dk

Dear resident

4040.dk is Jyllinge's largest antenna association, which among other things supplies TV and internet connections to a large number of housing associations throughout Roskilde municipality. We ensure you lower TV package prices and lightning-fast internet connections. All our services are delivered on **Fiber/Hybridnet**, which has been updated to the latest standard Docsis 3.1, which gives you a number of flexible options.

Your home is connected via at least one multimedia socket. Through this socket you get three optional TV packages, each of which includes a digital TV box with the option of youSee Play/Bland Selv Tv and the purchase of additional programs, an Internet connection with optional speeds and access to IP telephony. You can read more about all of this on the following pages.

You must be connected and pay a **technical fee** to 4040.dk to receive services. You simply register at www.4040.dk under TV/pakkeskift/internet Only and fill in the web form with your contact information and your wishes. This can also be done at TV/Bestil Tv-pakke, where you fill in the web form with your contact information and your choice. Alternatively, you can send an email to info@4040.dk, after which you will be contacted as soon as possible.

TV Packages including digital youSee box and youSee Play App.

Your TV package includes a free digital TV box, which, for example, gives you access to pause TV shows, start shows from the beginning, record hundreds of hours of TV and download previously broadcast TV in the TV archive, whenever it suits you. Through the box, you get access to all the films, series and streaming services you could want - including free access to Paramount+, youSee Premiere, youSee Comedy and selected films and series. **NOTE!** The TV box must be connected to the Internet either wirelessly (5Ghz) or via a LAN cable. The youSee box can be ordered by calling 70 70 40 40 or picked up at youSee in their store, Algade 11, 4000 Roskilde.

Mix MP yourself and purchase 10 points and FP including Streaming – note, this service cannot be ordered after 1.10.2023. Only for existing customers.

Important information for customers with the old Mix Yourself solution, you can still change channels/streaming within the solution you have chosen, but you cannot switch to another package.

You can see your own options on our website at this link.

NEW – Mini digital TV package – requires internet and package change.

There have been requests for a cheaper TV package, this request can now be fulfilled with a mini package that only contains DR programs and TV2, as an extra you get the Swedish, German and Norwegian channels as well as the services on the TV box such as movies and series at no charge, this TV package can be run on the box, youSee Play App. and must be streamed, can be taken out of the house.

News, for those of you who only want to pay for what you see, the new mix yourself is the solution for you! – youSee Play 10 – The new mix yourself, with the total free choice of programs and services - requires internet and package change.

This news and the countless options provided are the ultimate free choice of TV channels and streaming. As a permanent part of youSee Play 10, you get Swedish, German and Norwegian channels as well as the free movies and series on the TV box and App.

You can purchase extra points directly from youSee, buy 10 points at a time or the points you need for the price is DKK 10 per point - you decide!

You and your family must choose the channels and services that you want to enjoy together in the future, which can be changed channels - services every month. You can, by deselecting some of the ordinary TV channels, get access to one or more Streaming services of your choice, at no extra cost, and run on youSee box, or youSee App. - you can also use Android box, Apple box and Chromecast, remember TV box or other electronic equipment requires internet t, if you have Smart TV with App. youSee Play can be run directly.

Streaming.

Internet Only

If you only want Internet delivery, i.e. "Internet Only" without a TV package, you must still pay a small monthly amount in the form of **a technical fee** to the association so that we can continue to keep the antenna system in top condition. **It also costs a one-time fee of currently DKK 375 to be set up with Internet Only.**

YouSee Mobile --- see special association agreement

When ordering a subscription to **youSee Mobil** , and if you are also an internet customer, you will receive extra data on your mobile subscription. A subscription that also gives you access to

youMusic, free Facebook, 5G network, as well as free voice, SMS and MMS to 48 countries in Europe and much more. Remember you have free data for youSee movie and TV app. as well as music.

There are also free calls between everyone with **youSee Mobile** and the option of a family discount.

With an internet connection you also have the option of subscribing to **youSee IP telephony** , which is connected to your modem. There are several subscription types to choose from, contact YouSee for your choice. There are also other providers of IP telephony and this requires a small telephone box that is connected to your modem, with this solution you can choose between several suppliers, e.g. BoligNet – Evercall, but check the market and prices.

YouSee Streamer

For those of you who need a multi-room solution, watch TV where you don't have a TV socket or want to move your TV package to a summer house or on vacation, the youSee streamer might be something for you, you can rent it for DKK 30 per month.

It is also the replacement for the card holder and card, so if you have multiple TVs with Play or Mix Yourself, this might be the solution for you.

Works like Chromecast and is based on the Google TV platform, but is specially adapted to the youSee Play App and with built-in ability to customize your App preferences.

Setting up or updating your TV

If you have not ordered your digital youSee box, you must set up your TV yourself when you connect your TV for the first time, as well as for later updates!

If necessary, you must enter the following in your TV's setup menu:

Starting frequency: 450,000 MHz.

Symbol rate: 6875.

Network ID: 100. However, if you have a card for extra channels and/or Mix Yourself, you should use Network ID: 111 instead.

Please note that the youSee box and youSee Play App provide updates themselves, so you do not have to do anything yourself, provided that you have ordered and connected your Box.
